

Review of assignment #2 by Alexander Gausdal

Reviewed by Joakim Harbitz

Alex, begins by explaining the meaning of a race condition thoroughly including images. He is using good examples, each with a solution to the race condition. Even though the examples seems complicated at first, they are actually easy to understand because of the detailed explanation. The language is also really good.

He is showing that he has good knowledge on the topic and has answered the assignment in a perfect way with plenty of sources.

Grade: PASS
